

### **Megan Davies**

President and CEO

*M.B.A., University of Chicago*

*B.A. Russian, Tulane University*

Megan Davies is the President and Chief Executive Officer of Insitu. Insitu provides industry leading unmanned aircraft systems, software solutions, and services that deliver decision making capabilities to global customers.

Megan joined Insitu in 2020 from The Boeing Company, most recently leading the Program Management Development and Productivity Leadership Development Programs for Boeing. In this role, she was responsible for the development of future program management leaders and led a team to deliver experiential and formal learning to Boeing's top talent.

Prior to her role developing senior program management talent, Megan led Training Services for Boeing Global Services (BGS). In this role she was responsible for global campus operations for flight and maintenance training instruction and delivery, providing pilot line assistance to customers and the pilot development program. Megan began her career at Boeing as a Human Resources manager for Boeing Operations International and Russia, and has since held a variety of leadership positions within the company

A native of Texas, Megan holds an M.B.A from the University of Chicago and a Bachelor of Arts degree in Russian from Tulane University.
