

## **ROSIELYNN (LYNN) FOX**

President and CEO

*Master's degrees, Villanova University and Webster University*

*Bachelor's degree, South Carolina State University*

Lynn Fox is President and CEO of Insitu. Insitu provides industry-leading unmanned aircraft systems, software solutions and services that deliver decision-making capabilities to global customers. Lynn joined Insitu in 2022 as CEO and is also serving as Boeing's vice president of Missions and Payloads.

Previously, Lynn was senior director of Boeing's Electronic Sensor and Intelligence Solutions division while also serving as CEO of Argon ST of Fairfax, Va. She had previously served as the director of International Apache Programs in Mesa, Ariz., responsible for managing development and production of the AH-64E Apache attack helicopter for all international customers.

Prior to her role in Mesa, Lynn was the program manager for V-22 Osprey – Japan. In this role, she was responsible for the execution and business growth with the V-22's first international customer. Lynn previously held several positions as program manager of the Mission Systems Integrated Product Team and capture team leader in the division previously called Network & Space Systems (N&SS). Her focus was tied to executing and capturing new market opportunities in tactical intelligence, surveillance and reconnaissance.

Before joining N&SS, Lynn led an engineering team within Boeing's Phantom Works division. Her team led initiatives involving mobile satellite and tactical network communications.

Prior to joining Boeing, Lynn held several Department of Defense civilian positions as a systems engineer and program manager. In these roles, she supported the U.S. Army Training and Doctrine Command, Army Material Command – Europe and U.S. Army European Command. She also served as a U.S. Army officer.

Lynn earned a bachelor of science degree from South Carolina State University and a master's degree in computer resources and information management from Webster University. She is also a graduate of Villanova's executive MBA program.
